WHY DOUGLAS-FIR TIMBERS?

When superior strength and workability matters.

- ▶ One of the best timbers for heavy duty building and construction projects.
- ▶ Known for its superior strength to weight ratio with availability in a wide range of sizes
- ▶ Performs well when it comes to staining and painting along with decent natural decay and treatability characteristics.
- ▶ Excellent workability properties with good machining qualities along with a low tendency to check.
- ▶ Shapes and planes well and can be sanded to a smooth finish.
- ▶ Glues easily with good nail and screw holding ability.

WFP COAST TIMBERS - Douglas-Fir has the unique, natural strength and exceptional beauty that brings character and longevity to homes and commercial buildings around the world. WFP COAST TIMBERS are the choice for architects, designers, engineers, builders and home owners alike.
